Resource Center Program Needs

As contributors, we offer opportunities to our children that may not be possible through NYC dollars alone. Our dollars help fund and coordinate various programs, events, field trips, professional development, and the purchase of supplemental items for our school. Our contributions also go towards specific initiatives, teacher support, and building needs. It is our goal to support P.S. 101Q, and we work closely with the principal to coordinate efforts. All donations are voluntary and are accepted graciously!

IT TAKES A COMMUNITY TO SUPPORT A SCHOOL

A WORLD OF OPPORTUNITY!

*Looking forward to 100% participation
from families & friends of P.S. 101Q.*

This year's goal- \$150,000!

Suggested Donation:
***\$150 or more per child**

Last year over \$100,000 was raised to support our school's Arts, Technology, and other programs (including the purchase of Smartboards, computers, projectors, printers, and air conditioners).

*Please support our public school in the Gardens.
School budgets have been decreased citywide.
We do not want our children left behind.*

We are still working to equip all of our classrooms with computers, printers, interactive smartboards, and projectors. We are also striving to offer academically enriching and culturally diverse programs in and out of the classroom. We support the Arts, Science, and other departments by making program enhancements as necessary. Initiatives take money. Please help our school reach its goals for our children's benefit.

*Donations (in any amount or through volunteer efforts) are voluntary. All contributions, regardless of monetary amount or time spent volunteering, are greatly appreciated!
